APR – OCT 2026	2026	CURRENT	SINCE SEP 2024
63	**3 days**	**28**	**47**
product labels designed; range now at 71 SKUs	for 100 shirts from two designs to sell out	person sales team led across 4 districts	member volunteer creative team led at PCF

Profile

Senior Graphic Designer with **four years** of experience in branding, packaging, print and video for companies in Pakistan, the UK and the US. Currently leading operations and marketing for BKK Pesticides at BaKhabar Kissan while continuing to design for the brand. Launched **43 products and 71 SKUs** between April and October 2026 and introduced the company's **first automated workflows**. Also leads a 47-member volunteer creative team at the Progressive Climate Foundation.

Experience

BaKhabar Kissan · BKK Pesticides, Islamabad — AUG 2025 – NOW

Acting Operations & Marketing Lead · Merchandise Lead

> Official designation: Agri Content Executive. Took over operations after the operations lead left, and later marketing.

- Designed labels for **63 SKUs (40 products)** and created the label template used for all new products.
- Lead marketing and supervise a designer and content writer; approve **all labels and creative** before release.
- Designed two BKK shirts; all **100 units sold out within three days**. Then appointed **Merchandise Lead** by the CEO, now also covering diaries and tote bags.
- Launched **43 products (71 SKUs)** between April and October 2026, managing chemical sourcing, labels and vendors.
- Manage a **28-person sales team** across Swabi, Buner, Chiniot and Sargodha through district leads.
- Plan supply with the sales team: schedule manufacturing against demand, assess alternative chemicals and approve the final selection.
- Manage procurement in the ERP and compare supplier quotations before every purchase.

AI automation at BKK

Introduced the company's first automated workflows, replacing manual processes with AI tools.

Follow-ups	Reports	Documents	Presentations	Crop portal
go out automatically	made automatically	drafted with AI	made in one click	head office checks crop, product and dose by area
